Maybe disabled from both camps could come together on this bill. It is a bill of hope, let us all agree that. Sue, Peter and Josee all went to the press release, it is a non-partisan bill even within our group. Maybe we can all work together on it.

Good morning everyone,

Due to multiple commitments by the various members of the Legal Steering Committee this weekend, the messages submitted to this site as of now will only be reviewed sometime Sunday afternoon. If we need to send the CNELTD group any important information during this time, it will be sent using an e-mail distribution list.

Sue Kennedy will be checking her e-mails occasionally on the weekend, but since she is using her Blackberry, she will not be sending detailed replies.

Regards,

Johanne
